- Ian Bottrill from The Safeguarding Advisory Panel came to talk to us and ask us for feedback about Regional Safeguarding boards, and young people's input into them.

**Safe stars /
Seren saff**

- We had a Christmas theme meeting, with a Christmas buffet, crackers and even presents!!!!
- Some of us feedback from meetings that we had been to, such as the regional meeting and the LSCB.
- We would like to have a little project we could work on, such as producing a poster about something we feel is important, like bullying.
